

MAVRON, INC.

Prisoner Safety Restraint Hydraulic For PTM By MAVRON, INC.

MAVRON is pleased to offer an a hydraulically operated safety restraint system for our popular Prisoner Transport Modules.

Padded bars help keep the prisoners in their seats during vehicle maneuvers.\

The restraint bars are designed to be operated from the outside of the vehicle, keeping distance between the prisoner and officer.

In the case of power failure to the hydraulics, the restraint bars may be lifted manually.
